

FEES AND OTHER COSTS

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and other costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or provision of better member services justify higher fees and costs.

You or your employer, as applicable, may be able to negotiate to pay lower fees¹. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investment Commission (ASIC) website (moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

The information in this document forms part of the Product Disclosure Statement (PDS), dated 1 July 2024 for the Active Super Account-Based Pension Plan. This document is dated 1 July 2024 and is available free of charge at activesuper.com.au/PDS or from Member Care on 1300 547 873.

This fact sheet shows fees and other costs that you may be charged. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation entity as a whole.

Other fees, such as activity fees and personal advice fees may also be charged, but these will depend on the nature of the activity or advice chosen by you. Entry and exit fees cannot be charged.

Taxes are set out in the *Taxation* fact sheet. You should read all the information about fees and other costs because it is important to understand their impact on your investment.

¹ To help you compare different superannuation products, the Trustee is required by law to provide the above statement in a PDS. It is important to note that Active Super does not charge contribution fees and the management costs cannot be negotiated.

⁶ Contributory Retirement Scheme members with a TTR will pay 0.25% administration fees after age 65.

Transaction costs

Transaction costs include explicit transaction costs such as brokerage, settlement costs or stamp duty, as well as buy-sell spreads charged by our investment managers or in underlying investment vehicles.

Transaction costs in respect of all investment options are an estimate based on the explicit transaction costs incurred by the Fund and underlying investment vehicles during the year ended 30 June. These estimates are based on information provided by our investment managers and custodian and reflect actual amounts for the year ended 30 June 2024 where available and some estimated components.

The actual amount of transaction costs that you will incur in the current and subsequent financial year(s) depends on the investment option(s) you are invested in. The transaction costs range from 0.00% to 0.05% p.a. as shown in the table below.

Investment fees and costs

Investment fees and costs are those fees that relate to the investment of the assets of Active Super. These fees are incurred directly by the Trustee for the exercise of care and expertise in the investment of those assets and may include management fees, transactional and operational costs, performance related fees and custody fees.

Investment fees are paid from Active Super's assets prior to unit prices being calculated. Based on information provided by the investment managers we invest with, estimated investment fees and costs incurred in the Fund's underlying investments are shown in the table below.

The fees and costs for each investment option are shown below.

INVESTMENT OPTION	INVESTMENT FEES AND COSTS	ADMINISTRATION FEES AND COSTS	TRANSACTION COSTS	TOTAL P.A.
High Growth	0.73%	\$1.27 p.w. + 0.25%	0.05%	1.03% + \$66.04
Balanced	0.66%	\$1.27 p.w. + 0.25%	0.05%	0.96% + \$66.04
Conservative Balanced	0.65%	\$1.27 p.w. + 0.25%	0.05%	0.95% + \$66.04
Conservative	0.56%	\$1.27 p.w. + 0.25%	0.05%	0.86% + \$66.04
Managed Cash	0.16%	\$1.27 p.w. + 0.25%	0.00%	0.41% + \$66.04

Important: The investment and transaction fees and costs shown above are reasonable estimates based on information provided by the investment managers we invest with. They are variable and are subject to change.

Performance fees

The Trustee has performance fee agreements with certain investment managers, which are closely monitored.

Performance fees are payable when investment returns exceed an investment manager's benchmark and form part of the investment fees and costs. Generally, these fees are calculated as a percentage of the investment returns that exceed an agreed level of return. If the investment returns are below each manager's benchmark, no performance fee is payable until the underperformance has been made up.

The table below includes performance fees for each option averaged over the five financial years to 30 June 2024.

INVESTMENT OPTION	PERFORMANCE FEES (%)
High Growth	0.22%
Balanced	0.18%
Conservative Balanced	0.17%
Conservative	0.13%
Managed Cash	0.05%

Buy-sell spread

A buy-sell spread is the costs associated with investing in, switching between or withdrawing from the investment options.

All costs associated with any of these transactions (including brokerage and commission) are taken into account at the time of valuation for the investment option. Currently Active Super does not apply a buy-sell spread for any of these transactions; however, buy-sell spreads are charged by certain investment funds that the Fund invests with.

Taxation rebate

Active Super receives a taxation deduction on fees and costs which is passed back to members in the form of reduced contributions tax. For more information on taxation, please read the *Taxation* fact sheet.

Charges paid to investment managers

Investment management fees and other charges may be paid by the Trustee out of the Fund's assets.

All investment management fees and charges are deducted from the gross investment returns prior to the net investment return for each strategy being declared.

Information on abnormal expenses

The costs set out in this fact sheet do not incorporate an allowance for abnormal expenses (if any) to which the Trustee is entitled to be reimbursed from Active Super. As at the date of this fact sheet, we do not anticipate any abnormal expenses to be paid.

Changes to fees and costs

Active Super operates on a profit-to-members basis. The Trustee can change the amount of fees which apply without your consent, but we will provide you with at least 30 days' notice as required by law if there is a material increase in the fees we charge you.

You can obtain personal financial advice which takes into account your objectives, financial situation and needs from an Active Super Financial Planner (ASFP). ASFPs are employed by the Trustee of Active Super. These staff members are authorised to give personal advice under an arrangement that the Trustee has with Industry Fund Services Pty Ltd (IFS) (AFSL no: 232514). IFS (and not the Trustee) is responsible for any advice given under this arrangement. Personal advice may attract a fee, which would be outlined before any work is completed and is subject to your agreement.
